

WAKEFIELD HIGH SCHOOL BUILDING PROJECT COMMUNITY INFO SESSION NOVEMBER 10, 2021 | 7 P.M.

Join us for an update on the recent educational visioning workshops being hosted by New Vista Design and SMMA.

A group of Wakefield Public Schools and Wakefield Memorial High School (WMHS) leadership, administrators, teachers, parents, community partners, and the general public are participating in a series of educational and architectural visioning workshops run by the project designer and educational consultants.

These workshops will help inform the design of the WMHS facility through a step-by-step visioning process aimed at capturing participants' best thinking about WMHS's current and future educational goals and priorities and connecting them to best practices and possibilities in innovative school facility design.
